Date: 15/12/18

Circular

Sub: Implementation of Single Window system by integration of Electrical inspectorate and Bescom Online application portal.

As part of Implementation of Action points of Ease of Doing Business i.e., action point No. 05: Single window system, the Department of electrical inspectorate in co-ordination with BESCOM has integrated the drawing approval application and installation approval of electrical installations with the BESCOM online application portal and the same is made available to public in the Department e-suraksha portal as **Bescom drawing application** and **Bescom installation approval**.

Accordingly, owner of prospective Electrical installations who makes application to BESCOM through online application portal for power sanction on HT basis, after Bescom power sanction, the application will be auto forwarded to the Electrical Inspectorate Departmental Portal for drawing approval with an intimation (SMS) to the applicant along with link in applicant login page to navigate to the electrical inspectorate department portal. On receipt of the information about the forwardal of the application to the Electrical inspectorate portal, the applicant then and there itself i.e in the Bescom portal applicant login by clicking the readily available link "Apply for Electrical Inspectorate drawing approval" can apply for drawing approval.

Also, an alternate provision has been made in the main menu of department of Electrical Inspectorate Portal e- suraksha (www.ksei.gov.in/eisoft) and the applicant can select **Bescom drawing Application/ Bescom installation approval** for uploading the electrical drawings to be approved and also for the payment of prescribed fees. The prospective applicants need not make separate application in the Electrical inspectorate Portal as the set of data required for obtaining drawing application / Installation approvals will be automatically pushed from the Bescom portal if the power sanction is sought online. Other applicants who do not require power sanction can directly apply through the departmental web application (www.ksei.gov.in/eisoft) .

Hence, all the respective jurisdictional officers are hereby directed to create awareness about the online submission of applications through single window online system wherein BESCOM and Department of Electrical Inspectorate online application portals are integrated and appropriate action

shall be initiated to clear such drawing approval and the installation approval applications. The respective officers of this department shall also advise the public not to file separate application for the above said services when it is processed through single window online system.

Yours faithfully

CHIEF ELECTRICAL INSPECTOR TO GOVT
